TALENT DEVELOPMENT

FOR YOUR ENTIRE ORGANIZATION

At Flint & Genesee Education & Talent, we believe a well-trained and motivated workforce is vital to the growth of our community. To give employers and employees an edge in today's highly competitive work environment, we partner with business training professionals to provide relevant and timely workshops, crafted to meet the needs of workplaces across all industries, sectors, and levels of experience.

QUARTERLY WORKSHOPS

Workshops – like those on pages 3-7 – are planned on a quarterly basis and cover everything from leadership development to marketing. This option is perfect for employers that have gaps to fill in an already existing training program. It's also a great opportunity to network with other local professionals.

CUSTOM ON-SITE TRAINING

Many of our courses are available to be held exclusively for your organization. This is a great option for employers wanting to train a larger group at the same time. These workshops can take place on your organization's schedule, either virtually or at your facility.

BUILDING THE FOUNDATION: STEREOTYPES, MICROAGGRESSIONS, AND BUILDING INCLUSIVE WORKPLACES

May 14 from 8:30-10:30 a.m.

Diversity is an important issue for any modern business, but it is not enough to simply hire people of different nationalities, races, genders and sexual orientations. Everyone needs to feel welcome, safe, and free to be themselves in the workplace. Another facet that keeps discriminates against individuals in the workplace is microaggressions. Considered "death by a thousand cuts," these ongoing slights and invalidations are far from harmless. They have the potential to impact your employees' ability to feel they can fully contribute or be part of the team, which results in loss of engagement, retention, productivity and innovation. This training provides information on how employers can best foster a culture where all employees feel valued and heard, while also explaining microaggressions, the effect they can have on others, and what we can do to combat these remarks.

Facilitated by: Sandra Johnson, Flint & Genesee Group

Note: This is a repeat offering of content from the Building the Foundation series offered in 2023. It serves as a precursor to part two of the original series, coming later this year.
